## Parades Into the Void

for trombone, piano, and unseeing audience

Eris DeJarnett

Commissioned by Jordan Aileen Wainwright.

The logo consists of the word "eris" in a white, lowercase, cursive script font, centered within a solid black rectangular background.

eris

Close your eyes.

In the depths of your mind, imagine yourself within the forbidding stone walls of a cemetery. The moon shines bright above you, and around you, something is beginning to stir. You turn to the crypt behind you, and just beyond its walls, you see just a hint of movement. You look to your left, and there's another. Behind you, still another. At first, it's just an impression of a jacket here, a flash of a hand there, but as they adjust to your presence, the creatures emerge.

Your transparent ghostly friends, their original colors muted and drab, begin to shuffle past you. They know you're there, and normally they'd greet you, but for once, you aren't their focus. No, they're heading for something more important than a measly human, and as you look over your shoulder, you see why: someone or something has torn a dark, gaping hole in reality and is beckoning the ghosts to something more.

Your eyes stay shut, and out of the spirits around you, you begin to hear the sounds of an unearthly processional. You see, tonight, your cemetery filled up, and it's time for your ghosts to go home.

Performance notes:

*Parades Into the Void* is a quasi-interactive piece for trombone, piano, and an unseeing audience. In short, it is best experienced with eyes closed. Please encourage your audience to keep their eyes closed for the duration of the piece; you could make a note in your program, an announcement before the performance, or, if you're feeling extra fun, recite the program notes above as a sort of prologue to the music. Because the trombonist moves around during the piece, an unseeing audience will be immersed in this parade of ghosts, magnifying the effects provided in the music.

The trombonist should ultimately decide their own placement for each new position based on the constraints of their venue and their comfortability moving through space somewhat quickly (and as quietly as possible). In some performance situations, beginning offstage may not be possible; however, I encourage you to create a spatial progression that you feel best serves the narrative while maintaining the quality of your performance.

Also worth noting within the music are the use of flutter tongue (three slashes through the stem) and sung multiphonics (the diamond notehead is sung). In the event that you are unable to flutter tongue, a growl is the preferred substitute. Should the multiphonics be out of your vocal range, octave transpositions are appropriate and welcome.

When realizing the glissandi present in the trombone part, the music should feel a little unstable (almost drunk, really; I imagine ghosts aren't particularly coordinated). At all times, the trombone represents the ghost, while the piano is the anchor to the real world. As such, it is critical that the pianist keeps a more or less consistent time, though some fluctuation within reason is always acceptable. The trombonist is free to slide in and out of exact time as they see fit, though I would recommend keeping roughly consistent time from rehearsals E to F. Otherwise, the pianist will run away without you.

The end of the piece is an echo of the material from the beginning and a brief snippet of the middle, implying the parade continues, just at a distance. Once the piece is complete, let the audience open their eyes at their own pace.

*For Jordan, and everyone else looking to bring some fun to their degree recitals.  
But especially for Jordan.*

Commissioned by Jordan Aileen Wainwright.

52

55

Musical score for measures 55-57. The system consists of three staves: a bass staff at the top, a grand staff in the middle (treble and bass clefs), and a bass staff at the bottom. The grand staff contains sixteenth-note chords with a '6' fingering indicated below. The bottom bass staff contains eighth-note patterns with accents.

58

Musical score for measures 58-61. The system consists of three staves: a bass staff at the top, a grand staff in the middle, and a bass staff at the bottom. The grand staff contains sixteenth-note chords with a '6' fingering indicated below. The top bass staff contains eighth-note patterns with accents.

**E**

Musical score for measures 62-63. The system consists of three staves: a bass staff at the top, a grand staff in the middle, and a bass staff at the bottom. The grand staff contains sixteenth-note chords with a '6' fingering indicated below. The top bass staff contains eighth-note patterns with accents. A dynamic marking of *f* is present in the top bass staff, and *mf* is present in the grand staff. A watermark is overlaid on the score: "PERUSAL SCORE: NOT FOR PERFORMANCE USE" and "to obtain a performance copy, visit https://ensdejanett.com".

64

Musical score for measures 64-66. The system consists of three staves: a bass staff at the top, a grand staff in the middle, and a bass staff at the bottom. The grand staff contains sixteenth-note chords with a '6' fingering indicated below. The top bass staff contains eighth-note patterns with accents.

67

Musical score for measures 67-70. The score is written for piano and includes a bass line and a treble line. The treble line features a series of sixteenth-note chords, each marked with a '6' below it. The bass line consists of a simple eighth-note melody. A large diagonal watermark is overlaid across the page.

70

Musical score for measures 70-73. The score continues with piano accompaniment. Measure 71 has a '6' below the treble line. Measure 72 includes the instruction 'molto dim.' above the treble line. Measure 73 has a '3' below the treble line. A large diagonal watermark is overlaid across the page.

F

Musical score for measures 73-82. The score is mostly empty, with some glissando markings ('gliss.') and piano dynamics ('p') in the bass line. A large diagonal watermark is overlaid across the page.

83

Musical score for measures 83-86. The score includes piano accompaniment with dynamics such as 'mp cresc.', '(mf-ish)', and 'molto cresc.'. The treble line has some chords marked with 'IV'. The bass line has a triplet marked 'p 3' and a sixteenth-note chord marked '6'. A large diagonal watermark is overlaid across the page.
